# ELECTRI International 2010 Cross-Border Meeting

## One World. One Industry. Boundless Possibilities.

### About the Cross Border Meeting

*Penn State University's Renew Crew during the 2009 Energy Challenge Project in Honduras.*

The 2010 ELECTRI International Cross Border Meeting is your opportunity to connect with your colleagues from around the globe. Share ideas, make valuable international business connections, and

observe your industry from a new point-of-view. More than just networking, it's about building relationships and strengthening your industry at home, and beyond borders.

Join us in Ambergris Caye, Belize at the beautiful Villas at Banyan Bay on March 15–18, 2010. At this gathering, you will have the unique opportunity to hear from key industry professionals representing a number of countries, including Canada, Honduras, Mexico, El Salvador, and the United States. You will also meet an impressive group of future industry leaders who are already working to make a difference in the electrical contracting industry.

### About Ambergris Caye and the Villas at Banyan Bay

At 36 miles long, Ambergris Caye is the largest of the cayes in Belize. Located in the northernmost waters of the country, the island is surrounded by prominent dive and snorkel sites, including the Hol Chan Marine Reserve and Shark Ray Alley.

The largest town on Ambergris Caye is San Pedro with a population of about 9000, and is renowned for its barefoot lifestyle and island vacation appeal. Golf carts provide the primary mode of transportation on the town's cobblestone streets. In the town and on the beaches to the north and south, visitors will find an eclectic blend of restaurants, shops and funky bars. The busiest of Belize's visitor destinations, San Pedro retains its relaxed atmosphere and remains far from the glitz and noise of a city.

*The Villas at Banyan Bay*

The Villas at Banyan Bay offer the ultimate in luxury, privacy and oceanfront living. Each villa features two bedrooms with panoramic views of the Caribbean Sea and the Great Belize

Barrier Reef. The resort includes a full-service restaurant, dive shop, gift shop and concierge services, and is located just a mile and half south of San Pedro. For more information about the resort, visit [www.banyanbay.com](http://www.banyanbay.com)
